Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Marion low pressure sewer project in fiscal year 2025. The entity to receive funding for this project is the Guilford Township Municipal Authority, located at 115 Spring Valley Road, Chambersburg, PA 17202. The funding would be used to install grinder pumps and a new low pressure sewer system.

The project is an appropriate use of taxpayer funds because the proposed project will serve to remove an environmental hazard represented by failing septic systems and ensure safe drinking water is available to the residents of Guilford Township. The new sewer system will account for expanded need in the community due to residential and economic growth in the area.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in blue ink that reads "John Joyce". The signature is fluid and cursive, with the first and last names clearly distinguishable.

John Joyce, M.D.
