Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for two 30 ft. buses and five 35 ft. buses replacement buses for CamTran in fiscal year 2023.

The entity to receive funding for this project is the CamTran, located at 502 Maple Ave, Johnstown, PA 15901. The funding would be used for two 30 ft. buses and five 35 ft. buses replacement buses.

The buses are beyond their useful life. Replacing the fleet with CNG is part of CamTran's commitment to cleaner air for the residents of Cambria county. The buses will have met their useful life in the year of bus replacement. The buses are being replaced with CNG fueled buses, in place of diesel buses, either 29 ft., 30 ft. or 35 ft. in length. Currently, approximately 60% of CamTran buses are CNG. CamTran is committed to having all its fleet 100% fueled by CNG.

CamTran is the primary transportation provider in Cambria County and is the designated transportation coordinator in the County. The majority of our customers are transit dependent and do not own or have access to cars.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

John Joyce, M.D.

Member of Congress
